Townsend Primary School

School Accessibility Plan June 2018 – June 2021

This Plan is drawn up as a facet of the EQUALITY ACT 2010. The Equality Act 2010 (Specific Duties) Regulations came into force on 1st October 2010. The act replaces previous anti-discrimination laws with a single act to make the law simpler and remove inconsistencies. The act covers nine protected characteristics, which cannot be used as a reason to treat people unfairly. Every person has one or more of the characteristics, so the act protects everyone against unfair treatment.

This plan relates to **accessibility for disabled persons** at Townsend Primary School. It draws on the guidance set out in 'Accessible Schools: Planning to increase access to schools for disabled pupils', issued by DFES in July 2002.

Definition of Disability

The Equalities Act 2010 defines disability as follows:

'A person has a disability if they have a physical or mental impairment that has a substantial and long term adverse effect on their ability to perform normal day-to-day activities'

Principles

1. The school building is a Victorian multi-storey one form entry school.
The school is accessible by a ramp to the front door, entering the reception area.
The ground floor of the building has rooms that are accessible for those who have impaired mobility.
The building is tall and has two floors above ground floor and two mezzanine floors.
There is no lift in the building consequently those who are unable to manage the stairs will be unable to access anything not located on the ground floor.
Unfortunately, this means that performances, including class assemblies, which take place in the first floor hall are not accessible to anyone with mobility problems.
We will try to accommodate reasonable requests i.e. venue changes for class assemblies to ground floor facilities
Should a parent or carer need to meet with a member of staff concerning their child, the meeting will be arranged so that it takes place on the ground floor if the parent or carer indicates that they are unable to manage the stairs.
2. This Accessibility Policy and Plan has been drawn up in consultation with the Local Authority, pupils, parents, staff and governors of the school and covers the period from June 2018 to June 2021.
3. We are committed to providing a fully accessible environment which values and includes all pupils, staff, parents and visitors regardless of their education, physical, sensory, social, spiritual, emotional and cultural needs. We are committed to challenging negative attitudes about disability and accessibility to developing a culture of awareness, tolerance and inclusion.
4. The Accessibility Plan shows how access is to be improved for disabled pupils, staff and visitors to the school. The Accessibility Plan will contain relevant and timely actions to:
 - increase access to the **curriculum** for pupils with a disability, expanding the curriculum as necessary to ensure that pupils with a disability are as equally prepared for life as are the able-bodied pupils; (if a school fails to do this they are in breach of duties under the Equalities Act 2010); this covers teaching and learning and the wider curriculum of the school such as participation in after-school clubs, leisure and cultural activities or school visits - it also covers the provision of specialist or **auxiliary aids**

Townsend Primary School

School Accessibility Plan June 2018 – June 2021

and equipment, which may assist these pupils in accessing the curriculum within a reasonable timeframe;

- improve access to the **physical environment** of the school, adding specialist facilities as necessary - this covers improvements to the physical environment of the school and physical aids to access education within a reasonable timeframe;
 - improve the delivery of **written information** to pupils, staff, parents and visitors with disabilities; examples might include handouts, timetables, textbooks and information about the school and school events; the information should be made available in various preferred formats within a reasonable timeframe;
5. Attached are Action Plans, relating to these key aspects of accessibility. These plans will be reviewed and adjusted on an annual basis. New plans will be drawn up every year if applicable.
 6. We acknowledge that there is a need for ongoing raising awareness, and training for staff and governors in the matter of disability discrimination. Inset training has been completed, and this is an ongoing matter.
 7. The Accessibility Policy and Plan should be read in conjunction with the following school policies, strategies and documents:
 - Teaching and Learning Policy
 - The Schools Single Equality Scheme (Southwark)
 - Health & Safety Policy (including off-site safety)
 - SEND Policy
 - SEND Policy Information Report (which includes the Local Offer by Southwark)
 - Behaviour Management Policy
 - School Improvement Plan
 - Asset Management and Disposable list
 - Staff & Learning Handbook
 8. The Action Plan for physical accessibility relates to the Access Audit of the School, which was originally undertaken by the Local Authority and subsequently updated by the school and remains the responsibility of the Governing Body. It may not be feasible to undertake all of the works during the life of this Accessibility Plan and therefore some items will roll forward into subsequent plans. The audit will need to be revisited prior to the end of each year which will inform the development of next year's plan.
 9. As curriculum policies are reviewed, a section relating to access will be added to that on Equality and Diversity. The terms of reference for all governors committees will contain an item on "having regard to matters relating to Access".
 10. Section 69 of Children and Families Act 2014 places a duty on schools to publish info about – The accessibility plan prepared by the Governing Body
 11. The School's website will have a copy of the Accessibility Plan.
 12. The School's complaints procedure covers the Accessibility Plan
 13. The Accessibility Plan will be monitored through the Governor General Purposes Committee.
 14. The school will work in partnership with the Local Authority in developing and implementing this

Townsend Primary School

School Accessibility Plan June 2018 – June 2021

Accessibility Plan, and will adopt in principle the 'Southwark Accessibility Strategy, Access to Learning'.

15. The Accessibility Plan may be monitored by Ofsted as part of their inspection cycle.

Further guidance on the scheme is available on the Direct.gov website:-
