1) Objectives of this Policy

This policy outlines what Townsend Primary School will do to prevent and tackle bullying. The policy has been drawn up through the involvement of the whole school community and we are committed to developing an anti-bullying culture whereby no bullying, including between adults or adults and children and young people will be tolerated.

2) Our school community:

- Discusses, monitors and reviews our anti-bullying policy and practice on a regular basis.
- Supports all staff to promote positive relationships to prevent bullying and will intervene by identifying and tackling bullying behaviour appropriately and promptly.
- Ensures that pupils are aware that all bullying concerns will be dealt with sensitively and effectively; that pupils feel safe to learn; and that pupils abide by the anti-bullying policy.
- Reports back to parents/carers regarding their concerns on bullying and deals promptly with complaints. Parents/carers in turn work with the school to uphold the anti-bullying policy.
- Seeks to learn from good anti-bullying practice elsewhere and utilises support from the Local Authority and other relevant organisations when appropriate

3) Definition of bullying

Bullying is “Behaviour by an individual or a group, usually repeated over time that intentionally hurts another individual either physically or emotionally. Bullying can take many forms (for instance, cyber-bullying via text messages, social media or gaming, which can include the use of images and video) and is often motivated by prejudice against particular groups, for example on grounds of race, religion, gender, sexual orientation, special educational needs or disabilities, or because a child is adopted, in care or has caring responsibilities. It might be motivated by actual differences between children, or perceived differences.

Many experts say that bullying involves an imbalance of power between the perpetrator and the victim. This could involve perpetrators of bullying having control over the relationship which makes it difficult for those they bully to defend themselves. The imbalance of power can manifest itself in several ways, it may be physical, psychological (knowing what upsets someone), derive from an intellectual imbalance, or by having access to the support of a group, or the capacity to socially isolate. It can result in the intimidation of a person or persons through the threat of violence or by isolating them either physically or online.

4) Forms of bullying covered by this Policy

Bullying can happen to anyone. This policy covers all types of bullying including:

- Bullying related to race, religion or culture.
- Bullying related to SEND (Special Educational Needs or Disability).
