Homework Policy

The school policy for homework was developed and agreed by the whole staff in consultation with parents/carers and pupils and has the full agreement of the Governing Body.

Our aim for homework at Townsend

- Ensure consistency of approach throughout the school.
- To use homework as a tool to help to continue to raise standards of attainment.
- Improve the quality of the learning experience offered to pupils beyond the classroom environment.
- Provide opportunities for parents/carers, children and the school to work together in partnership in relation to children's learning.
- Encourage pupils and their parents/carers to share and enjoy learning experiences.
- Reinforce work covered in class by providing further opportunities for the individual pupils.
- To practise or consolidate basic skills and knowledge, especially in Mathematics and English.
- Encourage children to develop the responsibility, confidence and self-discipline needed to study independently.
