

20th April 2020

Dear Parents and Carers,

I do hope you are all staying safe and continuing to stay indoors or have a 2-metre distance between yourself and other people! Although this is a challenging time, I know most families I have spoken with are coping. I have included some links and telephone numbers should you need to contact someone because you are finding things difficult – please do not be afraid to use it! Please read the following information below and remember to stay healthy & safe Best Wishes
