ASSESSOR(S): A.Stonell T.Hobrough

Provision for Pupils in school – (Year 1)

DATE OF ASSESSMENT: 08/6/2020 for the 15th June 2020

REVIEWED BY: Anne Stonell , T.Hobrough, K.Collins
Norma McCance – Chair of Governors

REVIEWD DATE: Weekly 15/6/20 updated & 22.6.20

No.	HAZARD	WHO IS AT RISK	CURRENT CONTROL MEASURES ****Read Crib sheet & Rota daily/weekly****	LIKELIHOOD	SEVERITY	RISK RATING
	Transmission of Covid - 19 Distancing – Toilets Resources Breaks		Staff enter building through car park & then through KS1 entrance Y1 classroom Staff to meet class in KS1 playground - 8.55am Staff breaks in Year 2 – Use designated toilet in middle floor Toilets: pupils use middle floor toilets only Photo-copying to be picked up from Staff room			
1	Transmission of Covid-19 – Lack of understanding by staff & pupils	All Staff All children	Remind pupils of (a) to (h) below. Every morning & after lunch - Class discussions at beginning & end of AM & PM a) Social distance of 2 metres at all time. Do not touch face. b) Teacher reminds pupils of their health through self-monitoring at least x 2 daily. No headache, temperature, cough, body aches, or feeling of sickness c) Remind pupils to tell someone if they do feel unwell. d) Staff inform HT if they are feeling unwell before school- using school absence procedures. e) Staff inform School Lead if they feel unwell during day f) Frequent hand washing: g) Handwashing or Gel BEFORE & AFTER entering building, classroom, playtimes, lunch, leaving the building. h) Ensure gel covers the hand fully i) Social story sent to all Year 1 pupils prior to starting	Unlikely	Major	Medium

2	Transmission of Covid-19 – large social groups	Staff and children	<ol style="list-style-type: none"> 1. 6 pupils only in yr1 - 22/6/20 2. 2-metre distance between each child during time in and out of classroom. Lining up, going in & out of the building. When walking with friends etc. 3. Tables are 2 metres apart, child always sits at same table 	Unlikely	Major	Medium
3	Transmission of Covid-19 – On surfaces, resources, furniture and clothes.	Staff and children	<ol style="list-style-type: none"> 1. Removal of all cloth & soft furnishings, fabric items. 2. Items not in use, removed from classroom 3. All surfaces are cleared of items & left bare 4. Daily sanitising of all surfaces that are touched during the day. 5. Anti-bacterial wipes to be used by staff & pupils to clean own tables, IT resources x 1 daily through the day. 6. Classroom is thoroughly sanitised daily 7. Deep clean of classroom each Friday before swap of group. 8. Pupils wear a top & bottoms – cotton or light weight material which needs to be washed each night. 9. Clean clothes to be worn each day. 	Unlikely	Major	Medium
4	Transmission of Covid-19 – Learning & teaching resources	Staff and children	<ol style="list-style-type: none"> 1. Each child has own tray containing learning resources. 2. Tray stays on child's table 3. cleaned with a wipe at end of the day & during if needed 4. i-pad to be left in tray – cleaned at end of day. 5. When charging – staff clean using rubber gloves before charging. 6. Door locked at end of day -security 7. Thursday – end of day - trays to be wiped & stored away, i-pads to be sanitised using rubber gloves. 8. i-pads to be put into charging holder AFTER being fully cleaned for the next week. 	Unlikely	Major	Medium
5	Transmission of Covid-19 – Ill – health		<ol style="list-style-type: none"> 1. A PPE bag is located on teacher's desk in Yr6, EYFS & Skl Office Please see the following for method of donning and doffing https://www.youtube.com/watch?v=-GncQ_ed-9w 2. Staff member puts on PPE (full body) and escorts child out of the area via the KS1 stairs to the PDC block in KS1 playground. 	Unlikely	Major	Medium

	<p>If a child or staff member, vomits, has a temperature or is incontinent</p> <p>Ill health</p>		<ol style="list-style-type: none"> 3. PDC block is the isolation room and the child/staff member will be evacuated to this area (to await collection. A member of staff who is wearing PPE will remain in proximity to this child. 4. Adult collecting child will be informed that child needs to self-isolate and that they may want to get their child tested for Covid 19. 5. Remaining children to leave room immediately 6. Children 1st wash hands thoroughly and face afterwards and moved to Super 6 room <p>Next Stage</p> <ol style="list-style-type: none"> 1. If no contact, physically or by fluids with any humans, then evacuate to designated classroom (Y1 to SALT room) 2. If contact has been made - Remaining children & staff will then exit the building via a different route (External stairs) 3. All parents informed & asked to collect children. These children will also be requested to self-isolate for a week. 4. Incident form identifying pupils, staff and environment & event that occurred. A record of who and what the fluids had touched. 5. If contact made with another person, inform parents & give incident form. 6. Southwark Council to be informed of change to register & incident. <p>Daily checks on all individuals via telephone or email to monitor health condition.</p> <p>Cleaning of room or area – see building risk assessment</p>			
6	<p>Transmission of Covid-19 –</p> <p>Playground routines & Equipment Lunches: Drinking water</p>	Staff and children	<ol style="list-style-type: none"> 1. WATER FOUNTAINS – taped off 2. Individual bottles of water are encouraged to be bought in. Clean with sanitising gel before bringing into the building 3. Pupils and staff discuss playground safety rules before each session in playground. 4. Each pupil allocated one piece of play equipment to be used that week. 5. Equipment sanitised by pupils after each session. 6. All equipment to be deep cleaned at end of week. 	Unlikely	Major	Medium
7	<p>Transmission of Covid-19 –</p>	Staff and children	<ol style="list-style-type: none"> 1. Follow Safety Rules: as in sect 1 – posters around school 2. Frequent hand washing:(hourly) 	Unlikely	Major	Medium

	Child and adult hygiene		<ol style="list-style-type: none"> 3. Handwashing or Gel BEFORE & AFTER entering building, classroom, playtimes, lunch, leaving the building. 4. Ensure gel covers the hand fully. 5. Ensure good respiratory hygiene by promoting the 'catch it, bin it, kill it' approach – wash hands Toilets to be used on middle floor only – no other toilets to be used. 6. Toilet – 1st anti-bacterial wipe / spray used to wipe door & toilet handle – wipe seat. Put in bin. 7. Toilet – 2nd anti-bacterial wipe to wipe toilet handle, door & tap. Bin & wash hands. 			
8	Transmission of Covid-19 – Entering & leaving school (see building risk assessment)	Staff and children	<ol style="list-style-type: none"> 1. Staff meet pupils in KS1 playground at 8.55am 2. Use KS1 entrance 3. Coats placed in bag before entrance– no pegs used. 4. Gel hands 5. Bags left in hall. 2 metres apart 6. Gel hands on entering classroom 7. Always sit at own desk. 8. 3.15 finish using 2 mtr distancing going into KS1 playground 	Unlikely	Major	Medium
9	Transmission of Covid-19 – Movement around the school	Staff and children	<ol style="list-style-type: none"> 1. Minimal movement – to toilet & playground ONLY 2. All doors to be left open to avoid handles being used. 3. Children to maintain distance from each other when walking in and around the school (2 metres) 4. Children walk in the middle of the stairs to avoid touching the banister. 5. Children walk in middle of hall when going to toilet 6. Children stay in seat throughout time in class. 7. HAVE REGULAR 5 MINUTE MOVEMENTS STANDING UP 8. Staggered entrance to & leaving the classroom – 2 metres 9. Check with school Lead re: times for out door learning. 	Unlikely	Major	Medium
10	Transmission of Covid-19 – larger crowds	Staff and children	<ol style="list-style-type: none"> 1. Children stay in bubble (own environment & group.) They do not engage or visit other staff or children on site 	Unlikely	Major	Medium

11	<p>Transmission of Covid-19 –</p> <p>Mental well-being through differing curriculum</p>	Staff and children	<ol style="list-style-type: none"> 1. Covid-19 teaching – what it is – how it spreads 2. Daily diary or feelings chart to record worries/positives 3. Circle time to discuss own events since lockdown both happy & sad. 4. Weekly on-line questionnaire re: feelings 5. Staff on-line video meeting 6. Refreshed curriculum – inspiring & fun! 7. Learning to take place outside as much as possible. 8. Children to take equipment trays with them and sit two metres apart. 10. Work to be completed on google classroom via i-pad 11. Work in books no MLJ's & pupils self-mark. 12. If staff want to mark books, they wear apron & wear gloves. 	Unlikely	Major	Medium
12	Lunch	Staff and children	<ol style="list-style-type: none"> 1. Children staggered going to the toilet & sink in classroom to wash hands. 2. Bags of lunch delivered by Hub member of staff – to outside area on the dining table. 3. Bags on table outside in playground 4. KS1 long dining table = 2 mtr apart when eating lunch. 5. Each child puts rubbish in bin – gels hands. 6. Gel hands when entering the building again. 7. Member of staff to clean table after use. 8. Lunchtime supervision – adults in KS1 monitor pupils from 2 metres away. 	Unlikely	Major	Medium

ASSESSOR(S): T. Hobrough, A.Stonell. K. Collins	DATE OF ASSESSMENT: see above
REVIEWED BY:Anne Stonell Norma McCance Chair of Governor	REVIEWD DATE: see above

	LIKELIHOOD			
SEVERITY	Unlikely	Likely	Highly Likely	Inevitable
Trivial	Low	Low	Low	Medium
Minor Injury	Low	Medium	Medium	High
Significant Harm	Low	Medium	High	High
Major Injury/Death	Medium	High	High	High

Unlikely – has not occurred before
Likely – has occurred previously
Highly Likely – Is possible to occur
Inevitable – Will happen

Trivial – minor cuts, abrasions and bruising
Minor Injury – Serious muscle damage, such as strain, ache or pain, Lacerations, Likely to result in 1-3 days off work.
Significant Harm – Concussion, Fractures, and dislocations, likely to result in over 3 days away from work.
Major Injury/Death – Fatality, long term injuries /illness

Low – A risk rating of low indicates that the control measures in place are generally effective and should be maintained at the current level. Review of the assessment should be undertaken annually, unless there are significant changes in, for example working practices or personnel undertaking the activity.

Medium – The level of risk is higher, so the aim here is to review the current control measures and seek improvement so as to reduce the risk. Additional control measures identified in the Action Plan should be given realistic deadlines reflecting the urgency of the action required. Where the solutions are of a practical nature and could be actioned immediately, this should be done. Overall, the actions identified should not take more than 3 months to complete, including arrangements for provision of appropriate training and instruction for staff. A review date for this assessment should be set at no more than 6 months.

High – Immediate suspension of this activity is necessary whilst a complete review of current control measures is undertaken. The review should take account of any relevant documentation, e.g. accident/incident and near miss investigation/reports, research, case studies, HSE guidance etc. The Action Plan for this level of risk ought to reflect timescales set for both temporary and permanent control measures, the temporary measures being put in place within 7 days (at which point work may resume if it is safe to do so) and the permanent within one month. A review of this assessment should be undertaken every month to ensure the effectiveness of the additional control measures. Any staff (or contractors) likely to be affected by the risk assessment must be informed of the outcomes and provided with any appropriate instruction and training required, with adequate supervision where identified.
