Dear Parents and Carers

Online Learning for Early Years

We will be providing online work for your child in the following circumstances:

- Quarantining after returning from a high-risk area
- Isolating due to Covid symptoms or contact with an infected person
- Bubble (class) closure
- Local lockdown
- National Lockdown

We will be using several different resources on the internet and you can find details below.

Google Classroom - All work set by your child's class teacher will be on google classroom. There is a short video showing you how to login on www.townsendprimary.co.uk. Open the school website, scroll down to the bottom of the page and click on 'Visit our google classroom page for information on how to use google classroom and tutorial videos'. Please watch video number 6.

You will find a copy of the **acceptable usage agreement** form when you log in. Read and discuss this with your child and then submit with your name and your child's name typed onto the document.

Myon – This is an online library of books for you to explore with your child and can be used any time.

Busy Things - An Early Years Website with lots of fun learning activities and is available for your child to use at any time.

Doodle Maths - This is fun maths activities to support your child's learning.

A separate letter will be given to you with your child's login details for each of the online learning resources listed above.

Best wishes,
Angela Prestwich
